

# MOBE3 WMS + SAP S/4HANA

Your Formula for Warehouse Domination

”

*Simplicity is the ultimate sophistication.*

-Leonardo da Vinci

# MOBE3 WMS: a better warehouse management system

Developed by industry renegades unwilling to accept the status quo, mobe3 Cloud is the first iOS-native WMS to infiltrate the enterprise market.

Intuitive yet powerful, mobe3 evolves WMS for the next generation of warehousing. Inspired by Apple's sleek user experience but engineered for warehouse workflow, mobe3 is second nature to use, highly configurable, deploys lightning fast, & now integrates with SAP S/4HANA.

High volume? Unique inventory reqs? Buckle up. Managing complex operations has never felt so simple. From the warehouse to the boardroom, fire up your workforce with a secret weapon that ignites serious progress.

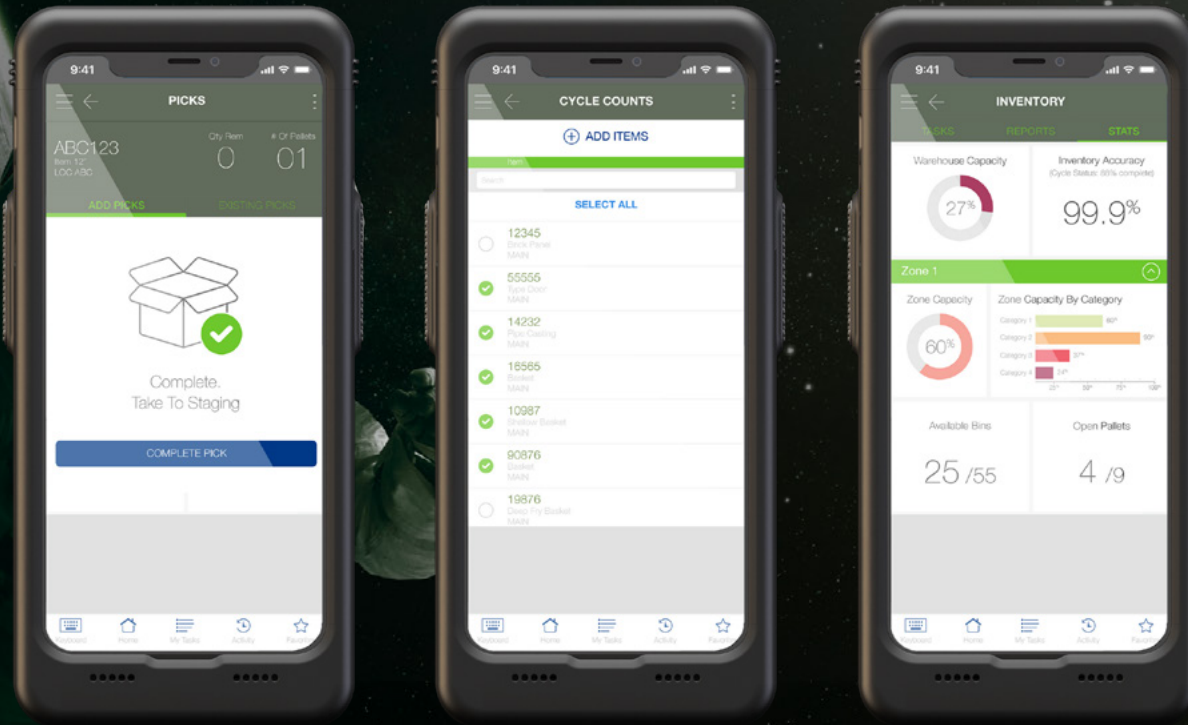

Welcome to a new era of warehouse management. *Welcome to mobe3 WMS.*

# IT'S TIME TO **MOBELIZE**

Transform your workforce into warehouse warriors.

## SKIP STRAIGHT TO PRODUCTIVE

What happens when you empower your employees with a tool they already know & love? Training timelines transform.

- **User interface? Michelangelo couldn't sculpt it better**
- **Novice to ninja in 45 minutes**
- **Keep your crew—happy employees stick around**

## DEPLOY AT LIGHTSPEED

Implementations shouldn't be a life sentence. Dodge the deployment drag. Get up & running faster than you can say 'ROI.'

- **Save the drama for your mama—less disruption/downtime**
- **No-nonsense concurrent user pricing**
- **Dynamic architecture—evolves with your business**

# Gartner

"EVS is the first WMS provider to embed real-time indoor locating technology into its system with mobe3 Live... [which can be] used to optimize warehouse layout, get insights into employee productivity, & improve the safety & security of the facility."

Gartner, Midmarket Context: 'Magic Quadrant for Warehouse Management Systems,' 2023

## NEW YOUR RTLS FAST TRACK

By harnessing Apple indoor positioning technology, mobe3 fires up live locating in your facility. No additional infrastructure required.

- **Pinpoint position—workforce, equipment, inventory**
- **Assign work based on employee location**
- **Worker safety, restricted area alerts, efficiency metrics**

”

*We put ten WMS systems side by side— one of them being mobe3— & it was obvious: one of these is not like the others.*

# MOBE3 WMS + SAP S/4HANA

Two powerhouses. One stellar impact.

Why simply keep up with the competition when you can leave them light years behind? Unleash your warehouse beast with mobe3's turnkey SAP S/4HANA integration.

## WMS made sexy.

Liberate your crew from clunky, overcomplicated WMS. Unleash their potential with mobe3's intuitive interface that obliterates complexity & annihilates learning curves.

## Revolutionize your workflow.

Level-up warehouse workflows. Automate tasks & minimize time-consuming, error-prone manual interference. Experience a seismic shift in efficiency.

## The power of now.

No more discrepancies. No more lag. Just real-time inventory data sync'd between your WMS & ERP. Now you can track stock levels, movements, & availability with the tap of a finger.

## Crush the fulfillment game.

Meet demand with lightning-fast, error-free order processing. Get ready to break the speed limit. Fulfillment has never been this efficient. Or cool.

## Trailblazing traceability.

With mobe's embedded RTLS technology, you can now track your inventory's live journey through your warehouse. Stay ahead, stay compliant, surpass industry standards.

## The sky is not the limit.

Reach new heights without being tethered by customizations. mobe3 is dynamic, configurable, & ready shift with your evolving needs.

# THE FUNCTION JUNCTION

mobe3 vs EWM

Curious how mobe3 stacks up against other WMS options like SAP EWM? Don't let mobe3's good looks fool you, there's a beast under that hood. In fact, during a functionality face-off, EWM delivered only 70% of what mobe3 does right out of the box.

”

*During a detailed analysis of our existing systems [SAP EWP] & side-by-side demos, mobe3 was surprisingly capable, easy to use, & expandible if needed.*

-Director of Innovation, Fortune 50 Manufacturer

# ARE YOU READY TO RUMBLE?

Just a preview of  
mobe3's high-octane  
feature suite.

Unmistakably mobe3,  
engineered for ultimate  
torque.

---

## IOS FUNCTIONALITY

Built-in camera  
FaceTime  
Apple indoor positioning

---

## RTLS

Indoor locating: workers, equipment, inventory  
Geofencing + breach notifications  
Worker safety  
Efficiency & utilization metrics

---

## USABILITY

Auto-navigation via SmartBarcode scanning  
On-the-fly change configuration  
User-defined web screens  
Product visibility post-picking for shipment  
One-step warehouse to warehouse transfers

---

## PERFORMANCE

Allocation rules  
Dynamic pick functions  
Kanban replenishment  
Rule setting based on hold reason

---

## BUSINESS DATA

BI dashboard reporting  
On-demand traceability reports

## YOUR SPREADSHEET JUST GOT SPANKED

Distill your data into rocket fuel. Command your warehouse with real-time insights into capacity, productivity, shipping, & more. mobe3's Power BI subscription provides instant access to easy-to-digest reports on the metrics that matter most.

**BYOBI. Prefer to do it yourself?**  
**We'll provide the data views;**  
**you bring your own BI expertise.**
